Wet, mild spring beneficial for area producers

By NIXIE SANDERSON
THE DALHART TEXAN

A mild spring with timely rain has made a positive impact as area producers continue to cut wheat silage and plant corn and cotton across Dallam and Hartley Counties.

“We had a good spring. We’ve had more moisture than we’ve had in quite a few years this spring, and we’re off to a good start,” Dallam-Hartley County AgriLife Extension Agent Mike Bragg said.

Bragg said the moisture has been good not only for crop production, but also for ranchers growing grass in their pastures.

Many wheat producers are wrapping up silage harvest.

Bragg said the price of grain is a contributing factor to the decision to cut wheat now.

“We’ve set a lot of silage this year. Not many (producers) are going to grain,” he said. “The price of wheat grain is not as good as an incentive to produce grain, and there is a lot of demand for feed.”

However, Bragg said there is additional economic advantage to cutting wheat for silage now. While the outlook for spring wheat prices is not much better than last year’s, raising the price for silage may balance the books.

“We’ve set a lot of silage this year. Not many (producers) are going to grain,” he said. “The price of wheat grain is not as good as an incentive to produce grain, and there is a lot of demand for feed.”

However, Bragg said there is additional economic advantage to cutting wheat for silage now. While the outlook for spring wheat prices is not much better than last year’s, raising the price for silage may balance the books.
The Department of State Health Services will hold an immunization clinic in Dalhart on June 13 from 10 a.m. until 3 p.m. at Frank Phillips College, 402 Denver Avenue.

As the number of children increases it also means there is an increased need for volunteers to advocate for the rights of abused and neglected children that have been removed from their home.

Every year, CASA 69 holds a fundraiser to help train new volunteers and keep our volunteers current as O'Leary explains.

This year, CASA 69 is planning their Second Annual Golf Scramble at Plains Trail Golf Course on June 24th. Registration starts at 8 a.m. with a shotgun start at 9 a.m. So, get your golfing and the way. This year is available and easily accessible and is always open for you to support. If you need more information or have questions, feel free to call.

As in most situations, a culture that cares must begin before crises enter a two-way street. Leadership and followership can be a challenge. Effective leaders must be able to accept support from those they are trying to lead and call.

“We really hope to help all the caregivers that we can,” said Ledbetter. “We’d love to have them be able to find care and know that they need it most.”

CASA 69 (court appointed special advocates in the 69th judicial district) has seen an increase in the number of children that have come into care.

“We want to say ‘Thank You’ to our past, present and future customers. We feel honored to be your chosen overhead door company. We appreciate your continued patronage and will do our best to continue to serve you to your satisfaction.”

Harold Hudgins

Harold Hudgins, 91, died Wednesday, June 7, 2017 in Amarillo, Texas.

Funeral Services will be held at 2:00 p.m. at the Park Cemetery, Dallhart TX with burial to follow in the Memorial Park Cemetery, Dallhart, TX. Arrangements are under the care of Kerementz Funeral Directors in Plainview, Texas.

Willa Peacey Edwards Hudgins

Willa Peacey Edwards Hudgins, 92, passed away on Saturday, May 27, 2017 at her Grandmother Pete Crum's ranch in Nance County at the foot of the Double Mountains. She married Ray A. (Al) Edward in October 19, 1925 in Florida where he was in the Navy. Freddie Neal was born in 1934 followed by Gary Loyd in 1944. To finish their family, Tommy Lynn was born in 1949. Following the Navy, the family lived in Silverton. Willa was an avid square dancer for many years and enjoyed riding horses. She loved to socialize over a game of cards, but she wouldn’t let you win just because she liked you. She adored her family and was involved in their lives. She was fiercely independent and tough but we will miss her, we know that she is dancing and driving on those warning for her in Heaven.

Vikita was preceded in death by her sons, Gary (2000) and Tommy (2000) as well as a husband, Ray A. Edwards. Vickita was also preceded by two grandchildren, Jody Edwards (2012) and Darren Edwards (2014). Vickita was survived by a son, Freddie Edwards, and wife, Jan of Petersburg, a daughter-in-law, Janet Edwards of Amarillo, TX, her twin grandsons Kimberly Pietron, Jace Miller and Addilyn Miller. Vickita’s Memorial service will be at 1:00 p.m. at the Hartley Fire Station with Deedee Bell officiating. Burial will be at the Hartley City Cemetery.

CARS continued from page 1

Mempol took first place with his 1989 Camaro, and Nelson Roy took second with a 1969 Mach 1 Mustang.

For vehicles running from the 1960s through the present, Sherrie Whitehurst took first with a 2016 Hellcat, and Jennifer Beem took second with her 2012 Mustang.

Truck categories were also divided by type. For truck motors, judged to build for 1970. Van Room took first place with a 1955 Ford F1. Jim Yoder took second with a 1952 Ford F1.

For trucks from the 1970s and 1980s, Richard Avila took first with his 1985 Chevy dually, and Les Taylor took second with a 1990 Ford Ranger.

The show ended Saturday afternoon after a hamburger and hot dog cook-out and buttery baked potatoes and concluded with a dinner and a drawing for a BMW at Rita Blanca Coliseum.

Mildred “Mickey” Ford

Mildred “Mickey” Ford, 58, died Tuesday, June 7, 2017 in Amarillo, Texas.

Funeral Service will be held at 10:00 a.m. Sunday, June 11, 2017 at the Church of Christ, 1232 Dearborn Ave. in Dallhart TX with burial to follow in the Memorial Park Cemetery, Dallhart, TX. Arrangements are under the care of Horizon Home Funeral Directors in Dallhart, TX.

Family will receive friends from 6:00 p.m. to 9:00 p.m. Friday, June 9th, at Horizon Home Funeral Directors in Dallhart, TX.

Mildred Carneth was born January 9, 1929 at the farm with her parents, John and Laura (MacKinney) Ford. The 4th child of Ernest and Lembrete (Bennett) Carneth. “Mickey” grew up on farms and went to school in Aurelia where she graduated in 1946, then spent one year at W.T. before marrying B.L. Ford in Amarillo on October 9th, 1948. They moved to Hartley in 1951. Beld died in 1999. Mickey was an active member of the Dallhart Church of Christ and loved to help children learn about the Lord, she wrote the curriculum for Bible Hour and wrote the curriculum and taught the Duraco Class for Sixth grade class for over half a century. One of Mildred’s favorite museums was the Chimalah Hospital Museum in Tucumcari, NM. Always a lover of books and gardens was only surpassed by her love for family, for her sons, and their wives and grandchildren.

Mickey is survived by her sons: David and his wife Vicki of Amarillo, TX, and his wife Tony of Hartley, TX, her stepchildren: Jeff Ford and wife Jen of Dumas, TX; Andrew Ford and wife Jade of Colorado Springs, CO; and Landon Ford and wife Nickie of Dumas, TX. As well as 11 great grandchildren and a very special granddaughter-in-law: Linda Goodman. She is preceded in death by her husband, 1 son Larry Ford, 1 granddaughter-in-law, and his wife Tony of Hartley, TX, her 5 stepchildren: Jeff Ford and wife Jen of Dumas, TX; John A. Edwards (1998). She was also preceded by two grandsons, Jody Edwards (2012) and Darren Edwards (2014). Mickey was preceded in death by her sons, Gary (2000) and Tommy (2000) as well as a husband, Ray A. Edwards. Vickita was also preceded by two grandchildren, Jody Edwards (2012) and Darren Edwards (2014). Vickita was survived by a son, Freddie Edwards, and wife, Jan of Petersburg, a daughter-in-law, Janet Edwards of Amarillo, TX, her twin grandsons Kimberly Pietron, Jace Miller and Addilyn Miller. Vickita’s Memorial service will be at 1:00 p.m. at the Hartley Fire Station with Deedee Bell officiating. Burial will be at the Hartley City Cemetery.

Agrilivence in Randall County to offer private applicators license training

BY KIM LEIDTNER
TEXAS A&M AGRILIFE COMMUNICATIONS

CANYON – The Texas A&M AgriLife Extension Service in Randall County will conduct a private applicators license training program on June 14.

The training will begin at 11:30 a.m. at the Calhan Community Center, 515 2nd Street, and conclude at 12:30 p.m. at the Calihan Dining Room.

Thirty-five people per participantatable at the door. Those planning to attend need to RSVP by 5 p.m. June 12 by calling the Randall County office at 806-468-2130.

Dr. J. D. Ragland, AgriLife agriculture and natural resources agent in Randall County, said the training will provide an introduction to the manual on the application process and will provide a tool for the self-instruction of those who are interested in obtaining a private applicators license.

The training will begin with an overview of the applicators license law and will include the rights and responsibilities as a private applicator. The training will also cover the use of pesticides, personal protective equipment, and how to apply the pesticides to your crop.

In the afternoon, the training will cover the crop consultants and the crop consultants list, along with an introduction to how to become a crop consultant.

The training will conclude with a discussion of the types of applicators licenses, the different types of applicators licenses that are available, and the different types of applicators licenses that are required by the state of Texas.

The training will be held in the Calhan Community Center, 515 2nd Street, and will conclude at 12:30 p.m. at the Calihan Dining Room.

Moisture levels and water availability looking good for most of Texas

Aubrey Thompson

COMMUNICATIONS

received 10 inches of rain in Throckmorton County, said Texas A&M AgriLife Extension Service Climatologist Dr. John Nielsen-Gammon.

Young, Stephens and some other counties experienced measurable rain this past week, but some area missed out, he said.

“It seems like the Panhandle missed out on recent rains that were in the forecast,” he said. “There’s been a lot of expansion of that area with regard to missional drouths.”

Nielsen-Gammon said June is typically a wet month for the Panhandle, but the last few are bringing weather patterns across most of the state which will bring drier conditions.

Weather Development Board Water Management Specialist showed more than 9 percent of reservoirs monitoring the agency were full. The group that were water stressed were located throughout the state and in the Panhandle.

Nielsen-Gammon said most of the counties in South Texas received rains that would be near average for June. Young, Stephens and Throckmorton counties received more than 8 inches. Kansas thermodynamics that were water stressed were located throughout the state and in the Panhandle.

Nielsen-Gammon said some areas of the state, including East Texas and southeastern portions, also received rainfall and moisture. Recent rain events over the past two weeks have provided surplus, even drenching rains in some regions.

Reports from East Texas indicate corn field losses in low lying areas due to standing water. “As of the second week of March, Beaumont was running 8 inches below normal for this time of year. It’s now 1 inch above normal.”

Agriculture Extension District reporters compiled the following summaries:

PANHANDLE: Texas Panhandle temperatures were near normal. Warm and windy conditions were reported for most of the area.

Some moisture was received in some areas. Amounts ranged from a trace to 4 inches of rain. Soil moisture was short in most areas.

Deaf Smith County producers were running drier as much as possible. Spray rigs were running hard and fast to apply needed herbicides on corn and cotton fields.

Cotton plantings were complete with many fields up to at least 2 leaf stage with some at 4 leaf stage.

Texas South Plains: Rain fell across parts of the region with amounts ranging from 0.25 of an inch to 3 inches in another.

Winter wheat looked good. Some wheat fields looked great, but more inspection revealed there was no wheat in the head, which could be freeze damage.

RISLING PLAINS: Rain fell across parts of the district with amounts ranging from 0.25 of an inch to 1 inch in counties.

Lubbock, Lubbock County and southeastern part of the state, including East Texas and southeastern portions, also received rainfall and moisture. Recent rain events over the past two weeks have provided surplus, even drenching rains in some regions.

Reports from East Texas indicate corn field losses in low lying areas due to standing water. “As of the second week of March, Beaumont was running 8 inches below normal for this time of year. It’s now 1 inch above normal.”

Agriculture Extension District reporters compiled the following summaries:

PANHANDLE: Texas Panhandle temperatures were near normal. Warm and windy conditions were reported for most of the area.

Some moisture was received in some areas. Amounts ranged from a trace to 4 inches of rain. Soil moisture was short in most areas.

Deaf Smith County producers were running drier as much as possible. Spray rigs were running hard and fast to apply needed herbicides on corn and cotton fields.

Cotton plantings were complete with many fields up to at least 2 leaf stage with some at 4 leaf stage.

Texas South Plains: Rain fell across parts of the region with amounts ranging from 0.25 of an inch to 3 inches in another.

Winter wheat looked good. Some wheat fields looked great, but more inspection revealed there was no wheat in the head, which could be freeze damage.

RISLING PLAINS: Rain fell across parts of the district with amounts ranging from 0.25 of an inch to 1 inch in counties.

Wheat harvests were in full swing. Most irrigated corn looked good and was progressing well.

Heat unit accumulations were good this reporting period. Some helium lot Spot was observed in corn in Hale County but should not be of economic significance.

Pastes, rangelands and winter wheat needed moisture. Cattle were in good condition.

SOUTHWEST: Good rains were reported. Rangelands and pastures were recovering from a dry period, and new growth developed quickly. Rains received ranged from 0.25 of an inch to 3 inches. Rains should enhance grazing in the summer. Some farmers received hail damage to corn, cotton and sorghum.

Pecan trees were light and minimal spraying occurred due to the dry crop.

Livestock and wildlife continued in good condition.

USDA Texas crop progress and condition report for the week of May 29 through June 4

All areas of the state experienced measurable rain except for some areas across the Cross Timbers, Edwards Plateau and Blacklands. Areas of West Texas and South Texas reported rainfall ranging from 2 to 4 inches. The Coastal Bend. Southern Texas received from 1.5 to 6.0 inches. Most of the rest of the state received from 0.5 to 3.0 inches. Flooding and small amounts of haul damage was recorded in areas of South Texas. These were 5.5 days of growing degree days above normal.

Small Grains: Wheat harvest was underway in all parts of the state except for a few areas. Wheat harvest was completed in parts of the Low Plains and near the Edwards Plateau. Corn harvest was underway in the Edwards Plateau. Pea planting continued in South Texas as weather conditions allowed.

TPSP: Corn in the head was reported in parts of the state. Cotton in the field was 10-15% boll set. Peanut progress is 10% blooming.

Pastures and wildlife included in good condition. For example, there was an increase of 2.0 days of growing degree days above normal. Pasture conditions are improving in most areas.
This Sunday, attend a worship service of your choosing.
ARIES - Mar 21/Apr 20
Aries, when your mischievous side comes out to play, others better watch out. You certainly can be a force — a very fun force, just don’t let things get out of control.

TAURUS - Apr 21/May 20
Other people around you seem to be the epitome of positivity, but you just may not be able to muster the same level of giddiness, Taurus. That’s okay, as this is just a phase.

GEMINI - May 21/June 21
Things that have been on your mind come right out without a thought, Gemini. Your honesty is commendable, but you may need to self-censor some things.

CANCER - June 22/July 22
Cancer, a casual comment by a friend sets off a powder keg of ideas in your mind. This is the inspiration you have been waiting for, and now you can’t wait to get busy.

LEO - July 23/Aug 23
Leo, others can’t read your mind, so if something is bugging you, then let them know. Doing so will help you collectively develop a solution that much faster.

VIRGO - Aug 24/Sept 22
Virgo, keep your mind open to all the possibilities this week. You may be surprised at what you can accomplish if you maintain a willingness to try new things.

LIBRA - Sept 23/Oct 22
Libra, you don’t need any extra encouragement to go after what you want. You are quite motivated at the moment, putting a lot of possibilities within reach.

SCORPIO - Oct 23/Nov 22
If you want a particular relationship to thrive, then you have to work together with a partner, Scorpio. You may have to set fire to your comfort or himself in this situation.

SAGITTARIUS - Nov 23/Dec 21
Your social life is about to heat up, Sagittarius. You might find your calendar going from empty to chock full in just a few days. Pace yourself to avoid burnout.

CAPRICORN - Dec 22/Jan 20
Capricorn, while it is important to take care of others, you shouldn’t do so at the expense of your own health and happiness. Give yourself a break this week.

AQUARIUS - Jan 21/Feb 18
Don’t be afraid to take the next big step in your love life, Aquarius. Your partner may be feeling the same way. Communication is key in this situation.

PISCES - Feb 19/Mar 20
You may have been all over the place the last few days, but today you’ll find it easier to reel them in, enjoy the respite.

FAMOUS BIRTHDAYS
JUNE 11 - Hugh Laurie, Actor (58)
JUNE 12 - Chris Young, Singer (32)
JUNE 13 - Valeri Bure, Athlete (43)
JUNE 14 - Faison Love, Actor (49)
JUNE 15 - Courtney Cox, Actress (53)
JUNE 16 - Rick Nash, Athlete (33)
JUNE 17 - Paulina Rubio, Singer (46)

CANCER - June 22/July 22
Cancer, a casual comment by a friend sets off a powder keg of ideas in your mind. This is the inspiration you have been waiting for, and now you can’t wait to get busy. You certainly can be a force — a very fun force, just don’t let things get out of control.

Cancer, a casual comment by a friend sets off a powder keg of ideas in your mind. This is the inspiration you have been waiting for, and now you can’t wait to get busy. You certainly can be a force — a very fun force, just don’t let things get out of control.

TAURUS - Apr 21/May 20
Other people around you seem to be the epitome of positivity, but you just may not be able to muster the same level of giddiness, Taurus. That’s okay, as this is just a phase.

GEMINI - May 21/June 21
Things that have been on your mind come right out without a thought, Gemini. Your honesty is commendable, but you may need to self-censor some things.

CANCER - June 22/July 22

The Dalhart Cruzers presented the 14th Annual Muscle Car Weekend at Hart Chevrolet in Dalhart Saturday. Prizes were awarded for many categories of vehicles, and the chance to win a 2002 Chevy Camaro were the highlights of the day. The People’s Choice Award went to Junior Van Beek with a 1955 Ford F1 truck. The Dalhart Cruzers’ Pick went to James Mongold with a 1969 Camaro.
